“ Rene was an intricate part of the Louisiana Heat Association in both the Lower River Region and on a state level, and left behind an incredible legacy through his work ethic and knowledge of the HVACR industry. His contributions made a difference! We would like to extend our condolences to his family and friends, and hope that it will comfort you to know that others truly care.

“ My father-in-law was such a blessing to me and my children all his life! His kindness and help were always there. As he aged I was always blessed by his attitude, never complained, he was always happy wherever he was. Now he's with his maker and one day I will see him again! Love you Mr. Rene
